

COLLEGE PREP GENIUS Speaker Packet

Author Jean Burk is a homeschooling mother and creator of the revolutionary and award-winning College Prep Genius curriculum which has helped thousands of high school students prepare for the SAT & PSAT/NMSQT. Her expertise has been featured on FOX, CBS, NBC, ABC, Forbes Living TV, UShopTV, and The Homeschool Channel. She has been a keynote and featured speaker at numerous homeschool conferences, schools, clubs, college nights, etc. Jean currently travels across the United States speaking about how to go to college for FREE!

As a homeschooling mom, Jean did not have the financial resources to

send her children to college. When she discovered the SAT & PSAT were the keys to getting huge scholarships, she began to research the tests to understand how to prepare her children for them. She discovered that these tests could be taught! They weren't IQ tests, but rather critical thinking exams. After both her children received full-ride scholarships, Jean began teaching these secrets to other homeschool, public, private and charter school students. Her program College Prep Genius is the culmination of more than a decade of research, classroom experience and SAT expertise. Her daughter also received free grad school and her son received free law school!

FOR MOST POPULAR 1 HOUR SEMINARS

“FREE COLLEGE AT YOUR FINGERTIPS” *(one hour for parents)*

(Learn different ways to get scholarships as well as FREE college!)

Are you ready to make \$500 an hour? Although it sounds too good to be true, it's possible to earn this much in scholarships for college. Author, Jean Burk, will teach you two important concepts: how to get into the college of your choice and how to find the scholarships to pay for it. You will learn methods of receiving substantial scholarships that go beyond tuition and may include room and board, graduate school, and money to study abroad! Unlock the keys to finding free college at your fingertips!

“HOW TO ACE THE SAT” *(one hour for parents/teens)*

(Discover how this is a learnable test and every question can be answered in 30 seconds or less.)

Test-prep Guru, Jean Burk, will share her secrets of SAT success that have helped hundreds of students raise their test scores as much as 600 points! Learn how to find shortcuts in test patterns and save time on all types of questions. Math, Writing, and Verbal sections are all covered in this once-in-a-lifetime opportunity. If you have kids in high school, you can't miss this seminar about preparing them for the SAT!

“BUILD AN AMAZING HOMESCHOOL TRANSCRIPT” *(one hour for parents)*

(Don't fear the high school years but learn little-known information that can give your student an edge.)

There is only ONE secret ingredient to giving credibility to a homeschool transcript. If you don't know it, author Jean Burk will share the answer in this incredible lecture. Discover the insider criteria that Harvard uses to judge applicants and why summer break needs to be more than just a vacation. Learn the differences between AP, Dual Enrollment, and CLEP courses and the pros and cons of adding them to your schedule. Find out about the 3-Tier credit plan, so you can correctly build a portfolio that will impress any admissions counselor. If your kids are planning to go to college, you cannot afford to miss this engagement.

“THE BEST KEPT SECRET TO FREE COLLEGE: THE PSAT” *(one hour)*

(Parents and teens will learn about amazing scholarships from this misunderstood test.)

Imagine throwing away seven trash bags full of college offers! It happened to my family and it could happen to yours. How? The PSAT. Contrary to popular belief, “P” does not stand for practice. In reality the PSAT is a scholarship qualifying test, and it can write you a ticket to just about any college. Discover the 3 little-known secrets about the PSAT and 11 steps to success! Learn how to get colleges begging you to enroll and pick up the tab at the same time.

FOR 1 HOUR SEMINARS

“Knowledge to College –Your Keys to Go From A-Z” *(one hour for parents and students)*

(Finding the perfect college goes beyond cost, location and size.)

Did you know there are over 50 things to consider when choosing a college? Discover everything from searching for the perfect college to going to an Ivy-League school for FREE! Learn the one thing that can set your student apart for college acceptance and scholarships. The right information can make the difference between your student going to a safety school or to his or her dream college!

“LIMITED LANGUAGE – LIMITED MIND” *(one hour for parents/students)*

(Learn life-long skills to sound smart when speaking and writing.)

The English language is dying! We are losing our vocabulary skills at an alarming rate, and with it, our ability to communicate effectively. The loss of lexicon creates an oversimplification of critical thought because the nuances of words allow us to bring colors and shading to thoughts and emotions. “Limited Language, Limited Mind” will teach both parents and students alike the 3 keys to learning, understanding and remembering words that increase effectiveness! Learn how to amass an arsenal of fifty-cent words to articulate efficiently and accurately. Speak with eloquence, read with perspicacity, and write with erudition—all by mastering an advanced vocabulary!

GOING TO COLLEGE-IT’S ELEMENTARY! *(one hour for parents of younger students)*

(A Cradle to Cap n Gown approach to FREE College!)

Grade school is not too early to gain an edge for the future without the pressure that often accompanies students later in school. Learn to teach younger students age-appropriate goal setting while identifying their passions and directing their future. Parents will be given a roadmap for success to create future leaders, find scholarships now and teach successful life skills. Discover a fun assignment that contains the five key things that children need every day for a strong foundation of health and well-being all throughout their educational journey.

TEENS, TECHNOLOGY AND THE TRUTH! *(one hour for parents)*

(From dumbing down to danger to destruction, learn how and why today’s devices are destroying the hearts and minds of our children.)

If your kids are awake, they are probably online. Now more than ever, parents need to be vigilant and protective of a new generation of technology that is seeking to sabotage our children and stifle their creativity. Learn secrets of the dangers that lurk in today’s devices that will lure your children away from truth and into bondage. How parents/schools can be proactive in the battle for the hearts and minds of the next generation.

FOR 1 HOUR SEMINARS

HYPERGRAPHIA GENIUS, GOOD NOTES-GOOD GRADES! *(one hour for parents and students)*

(In a world of ever- changing technology, students must not lose the art of effective note taking to carry them throughout life.)

If you are not note-taking you are not learning! How to trust the weakest pen over your strongest memory for high school and beyond. Perfect the art of writing to remember with proven techniques. Discover mind-mapping, code-words and pop-culture referencing. Easily organize class notes to best retain valuable information for greater academic success!

“BIG COLLEGE NEWS-HOMESCHOOLED STUDENTS WANTED-NO ACCREDITATION NECESSARY!” *(one hour for parents and teens)*

(“If you have a college bound middle or high school student, you don’t want to miss this valuable information exchange and clarification!”)

Did you know colleges all over America are actively recruiting home school students? Over the past ten years, CPG has helped tens of thousands of college-bound homeschooled students go to colleges to make the admission process easier for home school students. Admissions officers constantly tell us, “I’ll take all the home school students I can get” and “Home school students do very well at our school.” What does it take to get a home school student into college? Accreditation, once a foreign term in home schooling circles, is now commonplace in everyone’s vocabulary. Don’t be swayed by the myths, fears and half-truths surrounding the accreditation issue. Learn for yourself the truth about accreditation and whether it’s right for your student.

DE, AP, CLEP, DC, JE – NAVIGATING THE ALPHABET SOUP OF EARLY COLLEGE *(one hour for parents)*

(Middle and high school families will walk away amazed at how valuable early college can be!)

Through early college, your teen can earn high school and college credit at the same time and save you thousands of dollars in college tuition! During this essential workshop, Jean will lay out early college options along with a full-ride to a four-year university while helping parents and teens understand the differences. Jean will share a dozen reasons to consider early college, how you can position your teen for early college, what the requirements for early college are and how to choose your first college classes. Dual enrollment paired with AP and CLEP opportunities, allows your teen to earn early college credits and take challenging courses he or she will enjoy! You’ll be glad you came to this money saving information exchange!

“A SNEAK PEEK AT THE NEW SAT” *(one hour for parents and students)*

(Middle and early high school students will be directly impacted by the Redesigned SAT and should get a handle on the new test as early as possible!)

In April 2014 the College Board announced sweeping changes to the PSAT and SAT, two major tests colleges use for admission and scholarships. Who is affected by these changes? When do they go into effect? How can I prepare? Buzz words like “Heart of Algebra” and “Command of Evidence” are seen throughout the new SAT, but what do they really mean? These are just a few of the many questions answered during this guided tour of the New SAT which includes sample questions, practice suggestions and curriculum choices to help you navigate the changing world of test preparation.

FOR 1 HOUR SEMINARS

“HIGH SCHOOL 101” *(one hour for parents)*

(Anyone considering home schooling high school)

Many parents are intimidated at the thought of home schooling a teenager through high school. The idea of teaching Physics, Chemistry and Calculus elicit fear and trembling from most parents. . . throw in grading essays and creating transcripts and you've got a complete recipe for a true mental breakdown! Home school high school veteran Jean Burk's two homeschooled students received full-rides to college, grad school and law school. She joyfully testifies that the high school years have been the most rewarding! She'll share her successes and failures and everything else you need to know to home school through high school. At this workshop she'll answer these questions and many more:

- Why home school high school?
- Statistically, how do home school graduates perform as adults?
- What's the difference between credits, grades and transcripts??
- What every high school student needs to know beyond academics (life skills, spiritual skills, social skills)
- How can middle school students acquire high school credit?
- How in the world do I teach chemistry, algebra and calculus?
- What's the difference between CLEP, AP and Dual Enrollment?
- Can my home schooled student really get into college?
- What scholarships are available to home school students?
- Do I need an accredited transcript?

If you have a middle or high school student and you're considering home education through high school, you should definitely attend High School 101! You'll walk away knowing you CAN do it!

CHRISTIAN COLLEGE ON A SHOESTRING! *(one hour for parents and students)*

(Families considering Christian college education)

If your family is anything like most home school families, you've been educating your children at home and supporting the family on the salary of a single wage earner. For 12 years you have given your children a Godly heritage and strong Biblical foundation; a foundation you pray will continue through their college and adult years. With price tags between \$80,000 and \$120,000 for a four year education, most families believe Christian college is way beyond their financial means. In this workshop, you'll learn the secrets to Christian College affordability including early college options, grants, scholarships and home school friendly colleges. This workshop will focus on four specific institutions and how tuition can be reduced dramatically with a bit of advance planning. If you have a middle or high school student; start planning NOW; you'll be glad you did!!

THE 10 MOST IMPORTANT SOFT SKILLS TO TEACH YOUR CHILDREN *(one hour for parents and students)*

(Soft skills are the missing ingredient today for success in college and career; equip your teens NOW!)

Employment experts agree that technical skills get your foot in the door, but it's the soft skills that get you the job -- and help you keep it. Your work ethic, your attitude, your communication skills, your emotional intelligence and a whole host of other personal attributes are the soft skills crucial for career success. During this workshop we'll explore the soft skills employers covet today and uncover simple ways you can instill these skills in your teen before he/she leaves the nest.
